Family Owned and Operated Since 1946

Grand Avenue Produce Company is a family owned company, with the second and third generations involved with the day-to-day running of the company. Grand Avenue Produce is a progressive, team-oriented company with its roots deeply planted in tradition. Grand Avenue Produce began as an open air fruit market in 1946 by Mr. and Mrs. Roy M. New. Today, after over 60 years in business, we have grown into a successful full line produce distributor. We now run 23 trucks, have over 95 employees, are open 24 hours a day, and deliver to over 500 restaurants and food service establishments statewide.

Grand Avenue Produce has established a reputation of always looking out for its customers. Quality and customer service are our main goals, as we understand how important these are in making the best business partnership between two companies. At Grand Avenue Produce, we strive to ensure the highest quality product for our customers. All items received in our warehouse are inspected, and our quality control team continually rechecks and rotates all product before it is loaded on the truck to be delivered to our customers. As an additional service to our customers, we repack each tomato that comes through our warehouse to ensure we are sending only the best quality to our customers. This repacking program allows us to guarantee our customers 100% usage of our tomatoes.

We follow this dedication to quality with the knowledge that customer service is the most important communication tool between two companies. The family atmosphere and diligence of our employees make a winning combination in ensuring we keep our customers happy. We also provide access to online ordering and reporting to all of our customers, to help ensure accurate deliveries.

Grand Avenue Produce represents a growing number of growers and shippers in all major growing areas. The relationships we have with some of these growers extend over 30 years. We also check availability and market prices on all of our commodities daily, and we have the proper resources and tools to stay on top of the market. All this comprises a full network of fresh produce on a year-round basis, and allows us to be consistent in carrying the produce that is so important to our customers, even in a tight market.

Grand Avenue Produce goes the extra mile for our customers to ensure the highest level of maintenance, cleanliness, and safety in our facilities. We undergo yearly third-party inspections, and have been ASI certified, with an excellent rating and scores above 95%, since January of 2003.
